PRODUCTION AGREEMENTS & COMPLIANCE GUIDE

Turnkey Vehicle Leasing Intake, Rider Selection & Insurance Execution Protocol

Welcome to the **Snowstorm Picture Cars LLC** production resource portal. We understand that film, television, commercial, and editorial timelines move rapidly. To protect your shooting schedule and accelerate pre-production turnaround, our standard legal instruments, rider addenda, and insurance compliance protocols are published directly below for immediate review and download.

THE EXECUTION & BOOKING WORKFLOW

To lock fleet availability and confirm your call sheet staging, our administrative onboarding follows three simple steps:

STEP 1 Select the Required Agreement

Form SPC-01 (Master Picture Vehicle Rental Agreement):
Mandatory primary operating contract covering standard background, dialogue, process trailer, and hero vehicle staging.

Form SPC-02 (Stunt, Precision Driving & Rigging Addendum):
Required only if your scene involves dynamic pursuit tracking, wet-down skids, suction mounts, or hostess trays.

Form SPC-03 (Static Commercial, Editorial & Event Staging Agreement):
Tailored specifically for stationary print advertising, high-fashion photo spreads, brand activations, and private luxury event displays.

STEP 2 Submit Your Certificate of Insurance (COI)

Prior to dispatch, your production office or broker must issue an official Certificate of Insurance (COI) maintaining standard policy minimums:

Mandatory Endorsement Language & Limits:
- Minimum **$1,000,000 Commercial General Liability** and stated-value physical damage.
- The policy certificate must explicitly name **Snowstorm Picture Cars LLC** as *Additional Insured and Loss Payee*.

STEP 3 Execute & Return

Download the relevant agreement(s), complete the production contact fields, execute via digital signature (or print to sign), and return the completed package alongside your COI directly to: **shelton@snowstormproperties.com**.

PRODUCTION DESK NOTICE

For customized day-rate estimates, multi-vehicle package dispatching, or pre-production clearance coordination with our on-set technical handler, contact the booking desk directly at **shelton@snowstormproperties.com**.
