SNOWSTORM PICTURE CARS LLC • PRODUCTION ASSET DOSSIER

2021 CFMOTO CFORCE 800 XC 4X4 EPS

High-Output V-Twin All-Terrain Flagship • Heavy Tracking Rig / High-Speed Pursuit / Tactical Hero

VEHICLE IDENTIFICATION:	**2021 CFMOTO CFORCE 800 XC**	**CHASSIS VIN:**	**LCELVYZ85M6004263**
FLEET CLASSIFICATION:	Flagship V-Twin 4x4 All-Terrain Vehicle	**LIVERY / FINISH:**	Royal Blue Gloss / Black Composite Trim
DISPLACEMENT / OUTPUT:	800cc V-Twin EFI • 65 HP • 53 lb-ft Torque	**DRIVETRAIN & STEERING:**	On-Demand 2WD/4WD w/ Diff Lock • Multi-Mode EPS
OPERATIONAL STATUS:	Turnkey / Fully Inspected / Camera-Ready	**PRIMARY PRODUCTION ROLES:**	High-Speed Pursuit Tracking, Tactical Squad Leader, Heavy Cinema Rig

1. MECHANICAL SPECIFICATIONS & POWERTRAIN

SYSTEM	FACTORY SPECIFICATION	ON-SET & OPERATIONAL NOTES
Engine Architecture	800cc 8-Valve, V-Twin, 4-Stroke, SOHC	Liquid-cooled with auxiliary oil radiator; high-torque performance for fast-tracking acceleration.
Fuel Delivery & Ignition	Delphi® Electronic Fuel Injection (EFI)	Ultra-responsive throttle linearity; seamless synchronization with high-speed chase cameras.
Transmission & Gearing	CVTech® Automatic (P / R / N / H / L) w/ Engine Braking	High-capacity primary/secondary clutches deliver smooth power curves without gear-shift shudder.
Drivetrain Control	Electric Push-Button 2WD / 4WD w/ Full Locking Diff	Provides maximum unyielding traction through deep mud, snow, riverbeds, and steep embankments.
Power Steering (EPS)	Speed-Sensitive Electronic Power Steering	Dynamically adjusts assist; firm steering stability at high chase speeds, effortless at staging lock.
Fuel Capacity & Range	7.92 Gallons (30.0 Liters) Heavy-Duty Tank	Class-leading extended fuel capacity; provides multi-day remote filming without refueling delays.

2. DIMENSIONS, CHASSIS & TRANSPORT LOGISTICS

METRIC	DIMENSION / RATING	TRANSPORT & CLEARANCE GUIDELINES
Overall Dimensions	94.3" L × 49.0" W × 56.7" H	Full-sized touring wheelbase; loads onto standard transport car-haulers, flatbeds, and box trucks.
Wheelbase & Ground Clearance	Wheelbase: 58.2" • Ground Clearance: 11.2"	Extended stance and high clearance provide superior stability and roll resistance under heavy rigs.
Curb Weight	970 lbs (440 kg)	Heavy, vibration-dampening chassis that stabilizes heavy camera gimbals and jib attachments.
Suspension Architecture	Independent Dual A-Arm Front & Trailing-Arm Rear	Gas-charged piggyback reservoir shocks with adjustable compression, rebound, and spring preload.
Tires & Custom Wheels	26" Heavy-Duty All-Terrain Tires on 14" Aluminum Rims	Large-diameter aggressive knobby tread prepped in optical matte finish for on-camera presentation.
Braking Performance	4-Wheel Hydraulic Disc Brakes w/ Braided Lines	Exceptional stopping power and thermal resistance for aggressive stunt cues and repeated takes.

CAMERA RIGGING, TOWING & HEAVY TACTICAL CAPABILITIES

• **Integrated 2-Up Passenger Station:** Factory contoured passenger seat with full lumbar backrest and ergonomic handholds—ideal for two-character dialogue scenes or a rear-facing camera operator executing fast chase tracking.
• **Front Electric Winch:** Factory integrated 3,000 lb electric recovery winch with roller fairlead (fully operational for vehicle recovery or tactical stunt staging).
• **Towing Capacity & Receiver:** Standard 2-inch hitch receiver rated for **1,000+ lbs towing capacity** (capable of hauling heavy camera dolly trailers, remote battery carts, or sound equipment).

• **Reinforced Cargo Platforms:** Heavy-duty composite steel-reinforced racks • **Front: 100 lbs** • **Rear: 150 lbs** capacity. Pre-engineered hardpoint mounting for Matthews/Modern cheese plates, Steadicam mounts, and Ronin 2/MōVI Pro cinema gimbals.

ON-CAMERA ROLE CLASSIFICATIONS & PRODUCTION COMPLIANCE

• **On-Camera Hero Asset:** Tactical team lead, search & rescue flagship unit, high-end compound security, border patrol commander vehicle, or mountain action chase.
• **Behind-the-Scenes Heavy Chase Rig:** High-speed chase vehicle capable of maintaining pace with pursuit camera packages across rough off-road terrain.
• **Insurance & Legal Framework:** Dispatched under **Form SPC-01** (Master Picture Vehicle Agreement) or **Form SPC-02** (Stunt & Precision Addendum) with mandatory $1,000,000 CGL coverage naming Snowstorm Picture Cars LLC as Additional Insured and Loss Payee.
